

I long to worship you

Hayli Lindgren

There is no one
Who loves me quite like you do
When I'm empty you fill me
You never leave me alone

I long to worship you
Give you my life as an offering to you
I long to worship you
Give you my life as an offering to you now
Come and take over

There is no one
Who loves me quite like you do
When I'm empty you fill me
You never leaven me alone my Jesus

I long to worship you
Give you my life as an offering to you
I long to worship you
Give you my life as an offering to you now
Come and take over

All of me
loves all of you
And all I have
Is found in you

I long to worship you
Give you my life as an offering to you
I long to worship you
Give you my life as an offering to you now
Come and take over again.
